

# Process Calibrator

Precision Tools for Field & Lab Calibration

Volt / mA Calibrator/Thermocouple/RTD Calibrator  
VA700/701/702//710/720

## Features

- Multifunction: mA, V, RTD, TC,  $\Omega$ , Frequency (Source/Measure)
- TC Measurement & Simulation
- Store / recall 10 group setting
- USB Connectivity (select models)
- High Accuracy: up to 0.2°C / 0.1 $\Omega$
- Backlit Display, Rugged Build
- External Power Supply Jack

## Application

Transmitter & Sensor Calibration

Loop Testing in Process Plants

PLC, SCADA, & DCS Verification

Utilities, Pharma, & Manufacturing

Onsite Commissioning & Service

## Sifam Tinsley Instrumentation Inc.
